EXCHANGE RELEASE

CLARIFICATION TO ANNOUNCEMENT: MINEMAKERS ANNOUNCES PROPOSAL TO ACQUIRE UCL RESOURCES

13 February 2012

It has come to Minemakers attention that there is a typographical error in the Announcement and Investor Presentation released to ASX this morning.

The correct premium to closing prices implied by the Offer is 58.7%, not 59.7% as stated on page 1 of the announcement and page 3 of the Investor Presentation.
