

CODE FOR DEALING IN SECURITIES

1. INTRODUCTION

This Code for Dealing in Securities (“Code”) sets out the requirements for Directors, employees, consultants and contractors of MAK (collectively “MAK Personnel”) dealing in MAK securities. In order to ensure that MAK Personnel do not inadvertently breach the insider trading provisions of the Australian Corporations Act, MAK Personnel are only permitted to deal in MAK securities in limited circumstances determined by this Code. These limited circumstances are called “trading windows” and are determined by the provisions of this Code.

Even during trading windows, prior to any dealing in MAK securities a dealing request must be submitted to and approved by the Managing Director or his delegate or, in the case of MAK Directors (other than the Chairman) by the Chairman.

Subject to the overriding restriction that persons may not deal in any securities when they are in possession of inside information, MAK Personnel may not deal in MAK securities during the periods set out in section 3 of this Code.

2. PROHIBITED CONDUCT UNDER INSIDER TRADING PROVISIONS

2.1 The Company

As a matter of law, all MAK Personnel must not deal (meaning any change whatsoever including, but not limited to, any sale, purchase, exercise of options (even if due to expire), discharge of any right or obligation, or transfer) in MAK securities where:

- they possess information which is not generally available;
- that information may have a material effect on the price or value of MAK securities; and
- they know or ought reasonably to know that the information is not generally available and if it were it might have a material effect on the price of MAK securities, as such information constitutes inside information.

2.2 Other Companies

The laws regarding insider trading extend to dealings in securities of any companies about which a person possesses material price sensitive information which is not generally available including, for example, companies in a joint venture with MAK.

3. RESTRICTIONS

The following restrictions apply:

- (a) No MAK Personnel are permitted to deal in MAK securities in the following periods:-
 - two weeks before the release of MAK's quarterly reports;
 - two weeks before the release of MAK's annual results;
 - two weeks before the release of MAK's half yearly results.
- (b) No MAK Personnel are permitted to deal in MAK securities on the day of release or the day immediately following the release of quarterly, half yearly or annual financial results.
- (c) No MAK Personnel are permitted to deal in MAK securities during a trading window when there exists any matter which constitutes inside information in relation to MAK securities (whether or not such person has knowledge of such matter) and the proposed dealing would (if permitted) take place before the time when it has become reasonably probable that an announcement will be required in relation to that matter. This is a measure for the benefit and protection of MAK Personnel and MAK to ensure dealing in MAK securities by MAK Personnel is, at all times, transparent and free of any potential controversy.

MAK options for MAK ordinary shares may only be exercised in accordance with the terms and conditions of those options and in accordance with the requirements governing their issue, and, further, in accordance with this Code. In addition, any dealing of MAK securities acquired upon exercise of MAK options must only occur in accordance with this Code.

Where MAK options are held by any MAK Personnel and the expiry date of those options is imminent, special permission for exercise may need to be obtained from the relevant stock exchange on which MAK is listed if the application of this Code would otherwise prevent exercise of those options.

**4. CLEARANCE
REQUEST PRIOR TO
DEALING**

All MAK Personnel wishing to deal in MAK securities within a trading window must request prior approval. The Managing Director or his delegate will determine such requests except in the case of MAK Directors (other than the Chairman) where such requests will be determined by the Chairman.

**5. GENERAL
OBSERVATIONS**

If any MAK person possesses inside information that is not generally available, such person is prohibited by law from procuring any other person to deal in those securities and from directly or indirectly communicating the information to another person who the MAK person believes is likely to deal, or procure another person to deal, in those securities.

It is important that any MAK person who possesses inside information that is not generally available does not recommend or otherwise suggest to any person or associates (including a spouse, relative, friend or any trustee of a trust or family company) to deal in MAK securities.

Accordingly, this Code applies equally to persons acting for MAK Personnel or with whom it may appear MAK Personnel may communicate the inside information – that is, the spouse, children, family trusts, family companies of MAK Personnel or other associates of MAK Personnel must not deal in MAK securities otherwise than in accordance with this Code.

MAK Personnel should also ensure that before any external body of which they are a member, director, representative or trustee (for example, personal or family superannuation funds) undertakes any dealing regarding MAK securities, that such dealing in MAK securities complies with this Code.

This Code will be administered by the Company Secretary with input from the Chairman. The Company Secretary will be available to answer any questions you may have in relation to it. However, neither MAK nor the Company Secretary is to be held responsible for any answers or any act or omission by you in reliance on those answers. It is your responsibility to comply with the law so if you are in any doubt you should obtain your own legal advice.

This Code is subject to regular review by the Board and will be amended as and when appropriate.

Approved by the MAK Board on 26 March 2008.
